

Mert AYRANCI

+(44) 7502905419, mert.ayranci@kcl.ac.uk

Professional summary

Computer Science and Management 2nd year, student at King's College London with a strong foundation in coding across various industries, including construction and logistics. Equipped with practical skills in languages such as C++, Swift, and Python, and proficient in tools like Microsoft Office and Git. Shows communication and organizational abilities, eager to apply problem-solving skills to new challenges in a dynamic environment.

Experience

Insight Intern, Jul 2023

Acarer Metal Industry and Trade, Istanbul

- Inspecting imported materials for compliance with specifications, recording and integrating them into the inventory register, and reporting on import/export department activities using Excel.

Insight Intern, Aug 2022

Erka Global Logistics and Trade, Istanbul

- Gained practical experience in logistics by experiencing order accuracy, supporting supplier communication, and contributing to marketing through product sheets and event planning using their local ERP software.

Insight Intern, Aug 2021

Zuanka Construction, Istanbul

- Observed infrastructure projects and analyzed construction processes at Zuanka Construction, gaining insights into workflows and project management alongside engineers.

Education

BSc Computer Science with Management and a year in Industry/2nd year, Sep 2023 - Present

King's College London, London

Year 1 grade: 1st Class

Relevant Modules:

- Software Engineering Group Project: using team player skills and proficiencies to code with Python and Django
- Practical Experience of Programming: showcased ability to program with C++, Scala, Java.
- Foundations of Computing: gained training in theories of computing.
- Database Systems: Learn to design, implement, query, and manage with SQL.
- Data Structures and Algorithms: Learned list, queue, tree, stack implementation and sorting algorithms.

Baccalaureate, scientific field, Sep 2017 - Jun 2022

Lycée Bilingue Francophone St. Joseph, Istanbul

- Average: **19.77/20** (2020-2021); **17.6/20** (2019-2020); **17.33/20** (2018-2019)
- Award of Excellence (2020-2021 / 2019-2020 / 2018-2019 / 2017-2018)
- Certificate of outstanding achievement (2nd semester 2020-2021)
- Honorary Council Award (2017-2018)

Skills

Java (*Beginner*),
SQL (*Skillful*),
CSS (*Beginner*),
Swift (*Beginner*),
Arduino (*Beginner*),
Git (*Beginner*),
Microsoft Office (*Experienced*),
C++ (*Beginner*),
Python (*Beginner*),
Django (*Beginner*),
Scala (*Beginner*).

Languages

English (*Highly proficient*),
French (*Highly proficient*),
Turkish (*Native*).

Courses

Introduction to Computer Engineering, Jan 2021

Kadir Has University

Management & Business, Jan 2021 - Dec 2021

Mosaic Études en France

Engineering and Science, Jan 2020 - Dec 2020

Mosaic Études en France

Summer School, Jun 2020 - Aug 2020

Sabanci University

Winter School of Mathematics, Economics, Programming and Computer Marketing, Jan 2020 - Feb 2020

Bosphorus University Lifelong Learning Center

Mathematics, Art and Philosophy, Jun 2019 - Aug 2019

Aziz Nesin Mathematics Camp

Additional information

Volunteering

Participation in the project to support the Fikirtepe Inonu Primary School, Lycée St.Joseph (2021-2022)

Sports

- Fencing (Flore-Epe), 5 times/week, Fencing team of the Lycée St. Joseph (since 2013)
- Bronze Medal in Fencing Competition, Istanbul (2019, 2020)
- Licence in fencing, General Directorate of the Ministry of Youth and Sport (2016-2020)

Projects

London COVID-19 Statistics, Zuul Game, Conway's Game of Life,

Other Work Experience

Worked as a waiter in first year of my course.

Hobbies

Music production with FL Studio and Ableton.

Street Lifting/Calisthenics

Watching movies
